Indian Ink has not formally stood at stud before although he ran out with some mares as a two year old producing coloured young stock. He is owned and was ridden from a four year old by Mrs Alex Jenny and is now on long term loan to Lynwood Stud.

It is hoped that Indian Ink will produce a much sort after type that are very safe with his excellent temperament. He is sure to produce outstanding pleasure horses and ponies that have the ability to compete in all forms of competition. His forte will naturally be to produce Dressage ponies / horses and working hunters . This sort of sire is hard to find. His young-stock are sure to be sought after.

Indian Ink is well marked with an excellent conformation and outstanding temperament . As a 4/5 yr old he gained experience in all fields with BSJA winnings , jumping up to about 1.2metres and going boldly across any country. Then he turned to dressage with great success. He always qualified at the regionals including advanced-medium. He won the Medium Area Festival twice. His triumphs are too many to list. He retired from Affiliated Dressage with just under 250 points.

Indian Ink (Toby to his friends) has an excellent outlook towards work and life in general. He has always been sound and healthy and has come to us with a huge fan club!

Sire : St Ives (licensed. 93/0026)Chaps registered Sport Horse.
Dam: Classic Collection. Traditional
